This document contains step by step instructions to install Teams using your Android Phone for a Video Visit with your Samaritan provider.

1. Once you have scheduled your appointment, you will receive an email invitation from your Samaritan Clinic.

2. Scroll down to see additional details where you will find the link to the app store for Apple or Android Devices.

3. Click the Install to install Microsoft Teams.
4. Choose Cancel when asked to open page in TEAMS.

5. Prior to your scheduled appointment, open the email you received with your appointment information. Click “Join Teams Meeting”.
6. Choose “Team” when asked what application to use.

7. Choose “Join as Guest”.
8. Allow Teams access to the microphone.

9. Enter your name and choose “Join Meeting”.
10. Make sure that both your microphone and camera are allowed access.
   If you see a “/” through your camera (as shown on this screen) or microphone, tap to enable access.

11. Choose “Allow”. 
12. When your provider arrives, you will see and hear him or her on the screen.
