Samaritan Health Services (SHS) provides medical care to any patient without discrimination or their ability to pay. SHS will help pay for medical care to patients with or without insurance and have a financial need. This is a summary of the SHS Financial Assistance Policy.

Who can apply for help?

All patients and responsible parties are able to apply for the financial assistance program. The program may pay the total bill or provide discounts to patients who meet the following:

- Low income
- Without insurance
- Do not have enough insurance
- A hardship to pay the total bill
- A household income, before taxes, at or below 400% of the Federal Poverty Guidelines
- Have high medical costs

Talk with a Financial Counselor to see if you qualify or if you need help with the application.

Other help

If you are without health insurance, you may qualify for government programs such as:

- Medicaid
- Medicare
- Veterans Affairs

A patient who qualifies for any public or private health care program must apply for those programs before we offer help. SHS staff can help you apply for these programs.
